

COLLABORATION TOOLS FOR GIRL SCOUT VOLUNTEERS

Our volunteer leaders are critical to the success of our mission! That's why our council has partnered with Rallyhood to help streamline communication, foster a connected community and make your job easier! Thank you for all you do!

Five Rallyhood Features GS Volunteers Love

- 1 @MENTIONS** “Tag with @Mentions in Message Wall Posts has been incredibly helpful to directly tag a message to SU and Troop parents and co-leaders. They receive an email and app notification to easily reply back.”
– A. Rodman, Service Unit Manager and Troop Leader, GSCSNJ
- 2 PUSH NOTIFICATIONS** “Notify Immediately has been my go-to tool for communicating time sensitive information like last minute updates and deadlines. It generates a real-time app push notification and email to all the Rally members.”
– M. Feldshau, Service Unit Manager and Troop Leader, GSNI
- 3 AGGREGATED CALENDARS** “My Calendar has an Aggregated view of all of my Hub and Rally Calendars right from my dashboard. It is so easy to sync with my personal calendar to stay organized and avoid double-booking. Automatic reminders are built in too, so no one misses out on meetings and important deadlines or event RSVPs.”
– Suzanne Gleason, GS “Super” Volunteer, GSCNC
- 4 EVENT PROMOTION** “Special Events has a Shareable Link for public events that can be shared inside and outside of Rallyhood. So everyone can be invited to participate, and easily register and pay for event tickets. We use the shareable event link in our flyers to promote public events too!”
– J. Mettert-Young, Volunteer Troop Leader and Associate Chair, GSCNC
- 5 BULK UPLOADS** “Bulk Upload of Up to 50 Photos or Files has been such a time-saver during Camp. Can’t wait to use it for Cookies too. Volunteers and families also love being able to share in the Girl Scout experience.”
– B. Smith, Volunteer Troop Leader, GSSEM
