

2 WAYS TO CONTINUE SELLING TREATS & READS

November 12th– December 15th

1. **Goal Getter Orders** – Whether your Girl Scouts have just started selling or have more orders, they can take orders for nuts and candies using the colorful in person order taking form. Troops earn 16% of all orders during this time. Best of all, troops keep their proceeds right away. Troop leaders should contact the cupboard with your order at least 1 week prior to assure product availability. The latest deadline allowable is 11:59pm on Sunday for pick up Thursday or later.
 - Specialty items may be available on a first-come, first-served basis. Check with your cupboard for availability.
 - See cupboard information (on reverse) for contact details.

2. **Nut Huts**– Troops can check out product for direct sales to customers beginning the week of November 9th. Like a cookie booth, girls gain confidence and apply the Five Skills when having a booth sale.
Steps to participate:
 - a. Locate a place for your Nut Hut. Be inventive, but do not contact businesses listed on reverse side that are council organized. Share your Troop Organized Nut Hut with us, click the link: <https://forms.gle/iKmsewJHURTwSAAt5>
 - b. Check out Sign up Genius link sent through M2. Council organized retailer locations that are participating this year will have slots available for sign up through Sign Up Genius. Please check often as we are adding sites through November 15th. <https://www.signupgenius.com/go/10C094FADA82AA5F4C43-girl>
 - a. Connect with your Local Product Cupboard to arrange a pickup time and place your order.
 - b. Follow all locations/retailer covid guidelines.
 - c. Be prepared and bring sanitizing wipes, gloves, and hand sanitizer to use at the booth.
 - d. Payment- we strongly recommend contactless payment methods such as payment apps, or on-line payments services. other methods are used, gloves are recommended, and sanitizing of card readers, etc. should occur after each transaction. *** **Pro Tip** - Many troops use Square, Paypal or Venmo. Please see GSHOM Finance Update regarding 1099 forms.
 - e. To ensure contactless transfer of product to customer, step back and let customer take the product from the table.
 - f. Return any unsold product the following Monday. Deposit all money in the troop bank account.
 - g. Your troop will earn 16% proceeds. The remaining amount will be pulled by ACH from your troop bank account.
 - h. Girl Scouts may count product sold towards their 600+ & 1000+ Club efforts through May 1st. Troops must submit a copy of their completed Nut Hut Transaction form along with the girl's names and allocations by: <https://forms.gle/sxtKHqmZALVuezdT9>.
